Sleep Aboard Check-Out Policies

If you have requested a sleep-aboard on your chosen yacht for the evening prior to your charter day, please note that your arrival time is 4:00 PM the day before your charter. Please note that if the boat arrives late or is in need of more attention than usual, our crews work late in order to have your boat ready for charter. During the summer season we take a limited number of Sleep Aboards. The turnaround on these vessels is only 3 to 5 hours as the previous charter arrives early in the afternoon of the day of your requested pre-boarding. In the few hours available, our crews do any necessary cleaning, maintenance, repair and inspection of equipment – our staff is not permitted to grant access to the boat at that time.

Please note that if the boat arrives late or is in need of more attention than usual, our crews work late in order to have your boat ready for charter. We will make every effort to accommodate your sleep-aboard request, however if for reasons out of our control it becomes impossible to put your charter party aboard, it will be necessary to secure motel accommodations at the charterer's expense, and we will refund your sleep aboard fee.

Please be aware that your cruise cannot start until daybreak of your scheduled charter day as insurance coverages does not begin until the date shown on your contract. *The Cruising Guarantee takes effect on the first day of your charter.*

Sleep Aboard Check-Out Policies

If you have requested a sleep-aboard on your chosen yacht for the evening prior to your charter day, please note that your arrival time is 4:00 PM the day before your charter. During the summer season we take a limited number of Sleep Aboards. The turnaround on these vessels is only 3 to 5 hours as the previous charter arrives early in the afternoon of the day of your requested pre-boarding. In the few hours available, our crews do any necessary cleaning, maintenance, repair and inspection of equipment – our staff is not permitted to grant access to the boat at that time.

Please note that if the boat arrives late or is in need of more attention than usual, our crews work late in order to have your boat ready for charter. We will make every effort to accommodate your sleep-aboard request, however if for reasons out of our control it becomes impossible to put your charter party aboard, it will be necessary to secure motel accommodations at the charterer's expense, and we will refund your sleep aboard fee.

Please be aware that your cruise cannot start until daybreak of your scheduled charter day as insurance coverages does not begin until the date shown on your contract. *The Cruising Guarantee takes effect on the first day of your charter.*

Sleep Aboard Check-Out Policies

If you have requested a sleep-aboard on your chosen yacht for the evening prior to your charter day, please note that your arrival time is 4:00 PM the day before your charter. During the summer season we take a limited number of Sleep Aboards. Please note that if the boat arrives late or is in need of more attention than usual, our crews work late in order to have your boat ready for charter. We will make every effort to accommodate your sleep-aboard request, however if for reasons out of our control it becomes impossible to put your charter party aboard, it will be necessary to secure motel accommodations at the charterer's expense, and we will refund your sleep aboard fee.

Please be aware that your cruise cannot start until daybreak of your scheduled charter day as insurance coverages does not begin until the date shown on your contract. *The Cruising Guarantee takes effect on the first day of your charter.*
